台灣中青輩藝術家朱雋的文字雕塑將平面的書法線條與用筆予以立體化，作品追求虛與實、陰與陽的和諧運行，展現東方獨有的哲學與美學觀照，往往捕捉動靜平衡的一剎那，帶有簡練灑逸的氣韻。

As for the artist of the younger generation - Ju Jun's sculptures transform calligraphic strokes into three-dimension; his works discuss void/actual status and harmony between Yin and Yang, which unfold unique Eastern philosophy and aesthetics; capturing balance between dynamic and still condition, his works of art feature the sophistication, simplicity as well as grace.
